

## Homework Time Agreement

Dear Parents,

At The Village at LeafSpring School, we strive to provide a quiet and productive environment for our school age children to study and get a jump start on their homework. Our school age children have outside play and are given snack before beginning our homework time on Monday through Thursday. We operate on a set schedule that reflects the amount of work typically given by the schools. This schedule will vary around holidays, breaks and Club Days which will generally lead to shorter homework times. Our staff are accessible to keep children on task and assist children during study hall. Our counselors are here to help your students start their homework or pair them with another student for quizzing and studying. **Assisting students with homework in a group environment is different than the one on one attention you're able to provide at home or with a tutor. Due to this, please be certain to check your student's work for accuracy and completeness nightly.** Any student without homework or who has completed their homework before study hall time is complete is expected to engage in a quiet activity such as reading, drawing or worksheets.

Please review the options for completion we have listed below for our study hall time and choose an option that fits you and your child's needs. When you have made your choice, please return the form to The Village at LeafSpring School.

Thank You,

Village Staff

- 
- \_\_\_\_\_ Please have my child begin their homework at LeafSpring School; any incomplete work will be finished at home.
- \_\_\_\_\_ Please have my child attempt to finish all homework at LeafSpring; this means my child will finish homework independently in a center while the teacher is leading the planned activity.
- \_\_\_\_\_ Please have my child do all homework at home. I understand that this means I must reinforce with my child that this is independent quiet time and they must have a quiet activity (reading, worksheets, drawing, puzzles, etc.) to work on during homework time.

Child's Name \_\_\_\_\_
